

MEDIA RELEASE

27 June 2008

Sex, cancer and a little light relief

In August, Huonville will host a no-nonsense seminar on the sexual side of life with cancer.

Cancer Council Victoria's cancer information expert Doreen Akkerman will speak at the Huonville Community Health Centre at 2pm on Friday August 1 about relationships and sexuality for people affected by cancer.

Described by some as "better than a comedy festival", Ms Akkerman's approach is down-to-earth and practical.

The free seminar includes a separate section on bowel cancer.

Ms Akkerman was created a Member of the Order of Australia for her work with cancer patients and health professional education.

For more information or to register, please contact Laura at the Cancer Council Tasmania on 6233 2030 or email reception@cancertas.org.au
