

HOW WE HELP.

Providing free, trusted information and support for nearly 25 years.

5308 support contacts to those impacted with cancer

16 support groups

\$135534 of financial assistance to Tasmanians

\$700000 awarded for clinical trials

Over 9 Tasmanians

are diagnosed with cancer every day. We're here to help - now and in the future.

727 wigs in our free state-wide wig library collection

22585 cancer information resources

3893 treatment appointments were possible due to our transport2treatment service – with over 269,207km travelled – that's the equivalent to driving around the world nearly 7 times!

How your contribution can make a real difference:

- \$10** Provides a newly diagnosed cancer patient with support and information
- \$15** Recruits and trains a volunteer to participate in our Volunteer Community Speaker Program
- \$25** Contributes towards the set up costs of our cancer support groups
- \$30** Transports a cancer patient to and from hospital for treatment through our transport2treatment program
- \$50** Funds a call to a qualified oncology nurse on our helplines to answer any query relating to cancer at any stage of the disease
- \$100** Educates Tasmanian children to be SunSmart
- \$150** Contributes to support programs which assist cancer patients in building their health and wellbeing during and after treatment
- \$200** Provides a wig to a cancer patient who is undergoing treatment through our state-wide wig library
- \$300** Gives financial assistance for a cancer patient who needs support to pay their bills.
- \$500** Provides training to assist in building the capacity of communities to provide support in their local area
- \$1000** Provides an education grant for a young person affected by cancer so they can continue their tertiary studies
- \$1500** Provides a scholarship for Tasmanian health and education professionals working with children or adolescents to undergo professional development relating to the improvement of cancer support and control
- \$2000+** Provides a contribution to Tasmanian based research projects to help the fight against cancer.

All funds raised in Tasmania stay in...

Cancer Council
Tasmania

\$4.7 million contributed to Tasmanian-based cancer research to date.
