2020 SMALL RESEARCH GRANTS FUNDING

CALL FOR APPLICATIONS

FOUR GRANTS WITH FUNDING AVAILABLE UP TO $50,000
ONE GRANT TO THE MAXIMUM VALUE OF $20,000

* Patricia Snell Memorial Cancer Research Grant
* All On Electrical Research Grant
* Zenith Wealth Research Grant
* Cancer Council Tasmania Research Grant

Cancer Council Tasmania has opened its call for 2020 research funding applications under the Small Grants category in the priority area of Cancer Control.

This includes research relating to the reduction of the incidence and impact of cancer on individuals and the community. It includes every aspect of care, from prevention and early detection that leads to a better outcome, treatment and supportive care.

This funding round is open to researchers in all faculties and institutes of the University of Tasmania, departments within Tasmanian hospitals and the Department of Health.

ONE OF THE GRANTS MUST FOCUS ON LEUKAEMIA

APPLICATION GUIDELINES available at www.cancertas.org.au
